AWARDS & HONORS

President's List

Kennesaw State University

Spring 2025, 2026

Kennesaw, GA

- Maintained a 4.0 GPA and earned President's List recognition across multiple terms.

TECHNICAL SKILLS

Languages: Java, Python, SQL, C#, JavaScript, HTML, CSS

Tools & Platforms: Git, GitHub, Linux, MySQL, AWS (S3, EC2, RDS, Lambda), Unity

Concepts: Object-Oriented Programming, Relational Databases, Data Modeling

Methods: Agile/Scrum, Requirements Analysis, Software Testing and Debugging, Technical Documentation

PROJECTS

ShopSync E-Commerce System | Java, JavaScript, HTML/CSS, MySQL, AWS S3

Feb 2026 - May 2026

- Led a 5-person team through the full software development lifecycle to deliver a database-driven e-commerce system for a client within 4 months.
- Translated requirements into 3 core workflows for product browsing and secure checkout; managed code in GitHub and static assets in AWS S3.
- Designed normalized SQL data models to improve consistency and support reliable sales-record storage and retrieval.

Online Sales Management System | Java, SQL, MySQL, Git

Feb 2024 - May 2024

- Led a 4-person team to deliver a database-driven sales management system for a client within a 3-month timeline.
- Designed and normalized a relational database in SQL and MySQL to reduce redundancy and support consistent sales-data storage and retrieval.
- Managed requirements gathering, implementation, and testing across the software development lifecycle to address client business needs.

EXPERIENCE

Retail Sales Consultant

AT&T

Dec 2022 - Feb 2023

Marietta, GA

- Assessed customer needs and recommended device and service solutions, translating technical tradeoffs into clear, practical guidance.
- Learned internal systems quickly and partnered with teammates to resolve issues in a fast-paced retail environment.
- Coordinated daily operational goals, contributing to an 18% increase in store efficiency and customer satisfaction ratings.
